

Tangison.com Site Audit Report

tangison.com

Canonical URLs incorrectly point to tangison-labs.vercel.app instead of tangison.com, resulting in zero Google index coverage. Zero structured data across all 39 pages. Four subpages have duplicate brand names in title tags. Critical fixes required before any content or authority work can be effective.

Audit Date: 15 June 2026
Framework: Next.js 16 / Vercel
Pages Audited: 39 + 4 subdomains
Report by: Z.ai
